

Upcoming congresses and meetings 2008

4-9 November 2008: Renal Week 2008, 41st Annual Meeting and Scientific Exposition, Philadelphia, Pennsylvania, USA

ASN is one of the largest nephrology meetings in the world. In 2007 NGAL received an enormous amount of positive attention. In addition the larger part of all the published work at ASN on NGAL was conducted with BioPorto products.

At booth 224 we will be presenting our NGAL products for European and Canadian diagnostic use for the critically ill patient and our broad research portfolio. If you would like to meet us and set up an appointment, please contact Jakob Ohm Eriksen at joe@bioporto.com.

19-22 November 2008: 40th World Forum for Medicine, MEDICA, Düsseldorf, Germany

MEDICA is the leading worldwide trade fair in the medical industry with approx. 4300 exhibitors. MEDICA features the full range of inpatient and outpatient products and services with technical innovations from over 60 countries including new methods of diagnostics and treatment.

At booth 3K88 we will present our entire product range, from our CE IVD NGAL and MBL ELISA kits to our comprehensive portfolio of antibodies. If you would like to meet us and set up an appointment, please contact us at info@bioporto.com.
